Repairing Ball Marks

In an effort to encourage the membership to continue fixing ball marks, we have provided you with some factual information that may interest you. **Unrepaired ball marks take at least two to three weeks to properly heal, leaving behind unsightly, uneven putting surfaces.** On the other hand, a repaired ball mark takes only half the time to heal. Beginner or pro, it is your responsibility as a golfer to fix your own ball marks. If you are truly a steward of the game, you'll fix any others you see while your partners are putting as well.

Tip of the Month

Play points, not games

If you’re like most players, your idea of practice is getting in a few sets. While there’s lots to be said for that, the problem is that we tend to play to win these practice sets and therefore don’t make an effort to do the very thing that practice is supposed to be about: working on the weaker parts of our game.

But there’s an easy way around this dilemma, one that simulates the situations you might face in a match while de-emphasizing the pressure to win. Play points instead of sets.

Try this: The server must win three points in a row to win a game; if you lose any of the points before reaching 3, your opponent gets a chance to serve and win three consecutive points. This forces both of you to concentrate and become dominant. You’ll find that there are times when players compete for hours and never win a game.

Hope to see you down at the courts! Clay Shulhafer

Mission Statement & Traditions

Lake Forest Country Club Mission Statement

Lake Forest Country Club is a traditional, family oriented private club. Our focus is to consistently provide exceptional service to all Lake Forest Country Club members and their guests. Our objective is to ensure continuous improvement in providing excellent well-maintained facilities, quality golf, tennis and athletic activities, superb dining venues and a variety of family programs and social events for the benefit and camaraderie of our members in a home away from home atmosphere.

Lake Forest's Traditions of Membership

The membership takes pride in its heritage and strongly reaffirms the objectives and traditions of our founders: the club provides a refuge from the outside world, a very private Club where good manners, a high moral code, personal integrity, etiquette and mutual respect are inherent in the membership; where rules are seldom invoked because common sense, common courtesy, and allegiance to the principles of our heritage govern member behavior; and, where members and their families can relax and enjoy recreation, fine dining, and the social compatibility of other members.

Preserving Lake Forest's Traditions

Respect for these traditions and high standards of excellence are essential to preserving and fostering an atmosphere at LFCC that will transcend influences outside of the Club. Members have joined LFCC for these wonderful traditions and models of behavior and expect it to remain a constant beacon for future members to emulate.
